

# Job 547202 • LoRA q approaches uniform; frozen p target scores fall

## Target-class scores on the same generated images

## A larger positive gap does not establish better conditioning

Thin lines: recorded 96-image batch means. Bold lines: trailing mean of 11 logged points.  
Dotted vertical line: resume at step 436. Duplicate step 440 keeps the resumed record. No per-image visuals were saved.
